## Peggy's Travel Tips

### Ask a Local!

**When traveling to a new place, ask a hotel, airport, car rental associate where the best restaurants, night life and places to see are. You never know what a local might know!**

## Think that traveling by train isn't for you Think again!

Just as a cruise liner is much more than a mere means of transportation, a journey by train can be either a major part of a vacation or the entire vacation itself. Scenic and dinner train tours have the potential to become the centerpieces of weekend trips, while the classic romance of long distance train travel and the ability to enjoy the scenery of the passing countryside can figure prominently in a longer vacation.

Vacations by train are popular in many countries. Traveling by train is a fabulous way to see any country unfold, and you can truly relax onboard because you're not worrying about driving, directions or traffic. All budgets are welcome, train vacations can accommodate both luxury and cost-conscious travelers.
