A-ROSA Cruises, a European-based river cruise company, was founded in 2000 and introduced by David Morris Intl (DMI) to the North American market in 2013. They operate eleven river vessels throughout Europe, with five designated for International travelers. Guests come from far and wide, offering an international flare to the cruise experience that open up opportunities to learn about different cultures far beyond the ports you will visit. Distinguishing their brand from the status quo, A-ROSA continues to offer their guests a true “escape from the ordinary”.

Whatever you’re looking for on vacation – you will find it on board the A-ROSA cruise ships on the Rhine. Those seeking privacy & relaxation must visit the peaceful ambiance of the SPA-AROSA.

On the Sun Deck, there is an outdoor pool, shuffleboard and putting green. Leaving your daily lives behind and the stress that sometimes comes with it may be the best part of any vacation. The casual and friendly atmosphere onboard, along with the beautiful countryside around every bend of the river hastens your desire to let go and just enjoy.
