Mardi Gras—February 5, 2011

ABOUT THE MARDI GRAS PARADES: Although parade schedules may change, these four days have the best parades, locally known as Krewes, including Rex, Bacchus and Endymion. The origins of Mardi Gras can be traced to Medieval Europe though we have no written record of how that transformed into the Mardi Gras of today. But the origins of today's Mardi Gras - with Kings, Mardi Gras colors, and brass bands - are traced to New Orleans.

BREEZES RESORTS & SPAS

BARE BONES PACKAGE

HOLLYWOOD, FL, September 1, 2010 – According to the American Association for Nude Recreation (AANR) with 213,000 members, nude recreation – what has come to be known as “nakation” – is a \$440 million industry. Breezes Grand Resort & Spa – Negril and Breezes Resort & Spa – Rio Bueno in Jamaica respond to this rapidly growing market with the launch of a Super-Inclusive four-night “Bare Bones” package starting at \$900 per person, based on double occupancy.

PACKAGE INCLUDES

- Au Naturel Accommodations
- All Meals & Multiple Dining Options
- Unlimited Premium Brand Drinks
- Full Body Wax
- Sun Kissed Aloe Wrap
- Myriad Land & Water Sports
- Recreational Activities & more
- No Tipping Allowed

Au naturel guests at Breezes Grand Negril and Breezes Rio Bueno will not only save on airline baggage fees, as a carry-on bag should be sufficient, but they will also enjoy the freedom of a clothes-free vacation in the comfort of private, beachfront accommodations. Both properties feature the full-service, à la carte Blue Mahoe Spa, where each “Bare Bones” booking includes a complimentary full body wax and a post-sunbathing “Sun Kissed Aloe Wrap.”

Space Travel

The typical vacation will liberate you from the tedious orbit of the work day, but the 10-day space journey offered by Virginia-based Space Adventures (www.spaceadventures.com) blasts you from a launch pad in Kazakhstan into the actual orbit of the Earth, where gravity itself becomes obsolete as you circle the globe every 90 minutes. But if the thought of piggybacking on a Russian rocket for a cool \$40 million grounds your extreme travel dreams, wait for a comfy chair on Richard Branson's Virgin Galactic (www.virgingalactic.com), which launched its first staffed flights in 2010: Paying passengers will have to wait till at least 2012 to hop aboard suborbital flights – but they'll “only” set you back a comparatively pocket-friendly \$200,000.
